

# ARCHITECTURAL LIGHTING PRODUCTS

## About Us

Kromia Lighting is one of the leading manufacturers in the architectural lighting market, featuring a comprehensive catalog of proven quality, high-reliability lighting fixtures capable of offering the industry professionals the most innovative and alternative solutions at all times.

A full range of acclaimed architectural lighting products.

We are proud to be an example of the Made in INDIA branding, with a flair for innovation and a profound appreciation of the architectural project.

For the last 10 years we have been unstoppable, always focused on realizing new technical objectives and increasing product performance, with particular attention on our human capital, a team of highly trained, motivated people.

Kromia lighting always involves more resources in Research, Innovation & Design.

The products studied and designed at Research & Development center by experts subject to constant and meticulous quality.

Our products can meet the multiple needs of the architectural and design studies and the most demanding and refined customers. The business philosophy is the same Kromia Lighting have always done: Design and Delivery of the 'whole system and not the individual product. Our goal has always been to offer our customers a first-class product backed by unparalleled service, focused on solving our clients' illumination challenges.
